Session One: Your Time: Embracing God's Plan for the Second Half of Life

While the world may teach us that our later years are for slowing down, the Bible shows us that these can be our best and most productive years. In this session, we'll debunk many of the myths the world teaches us about aging and discover the abundant life God has planned for us.

Session Two: Your Purpose: Reaching Out and Making a Difference

Your church, your family, your friends, and your community desperately need you to reach them with the love of Christ. In this session, we'll unpack how you can use your time and experience to fulfill God's mission in this world.

Session Three: Your Legacy: Leaving a Godly Heritage for Future Generations

Society tends to segment people by age and young and old don't often interact. However, the Bible instructs us that we are to pass on our faith to the next generation. In this final session, we'll look at the obstacles that keep the generations from connecting with one another and then discover creative ways for establishing intergenerational relationships.
